

Create a vClinical Account (Student)

- 1. Create an Account** (if you already have an account, skip to step 3)
Navigate to <https://learn.swiftriveronline.com>, complete, and submit the form.
- 2. Confirm your Email and Password**
Receive a welcome email, click the 'Confirm Email' button in that email message to open a link to create a password, then create and confirm your password (note the password requirements and check your spam/junk folder).
- 3. Log-in to the student dashboard:** <https://learn.swiftriveronline.com>
- 4. Enter the Student Course Code**
Receive course code from your instructor and enter it into the 'Register for Course' sidebar.
- 5. Activate License**
From the student dashboard, click into a current assignment or the 'practice' link (in the practice link, click on any one of the applications), then click 'activate license.' Once you pick the license option (school pay, student credit card, or bookstore code), you can now access current assignments and the practice link.

Learning Tips

- To the best of your ability, envision that you are caring for actual patients
- When researching questions, use reference books (text, drug), internet, calculators, etc.
- In each scenario, take your time to understand what you got right and wrong, and why.
- Determine to master your skill, "frequent repetition produces a natural tendency."

"Once you decide on your occupation...you must immerse yourself in your work. You have to fall in love with your work...you must dedicate your life to mastering your skill. That is the secret of success, and the key to being regarded honorably." *Japanese Sushi Master, Jiro Ono*
